# Congress Overview

## **What is a World Zoroastrian Youth Congress?**

The World Zoroastrian Youth Congress (WZYC) is a body that has been formed to nurture a better understanding of the religion amongst the Zoroastrian youth worldwide, whilst also creating a platform for friendships to bloom. A WZYC is held every four years by a host country and its Zoroastrian Association. In 2015, the 6<sup>th</sup> WZYC will take place at Kings College, Auckland and will be organised by the Zoroastrian Youth of New Zealand (ZYNZ); the youth wing of the Zarathushtrian Association of New Zealand (ZANZ).

## **Who is ZANZ and the ZYNZ?**

ZANZ is a non-profit organisation that was established in 1996 for the welfare of the Zoroastrian community in Auckland, New Zealand and the broader community overseas. Its primary objective has been to preserve the cultural and religious identity of Zoroastrians in New Zealand. Over the years they have successfully organised a wide range of events which include Navroze functions, sports competitions, hosting guest speakers and producing various plays. The youth have also been brought together by the Christmas parties, prayer classes and holiday events.

The ZYNZ has been formed for the 6<sup>th</sup> World Zoroastrian Youth Congress (WZYC) and its main objective is to facilitate and ensure smooth management of tasks leading up to the event. The youth have formulated and chosen which committees to be involved in based on their specific interests & skill sets. Having diverse backgrounds, the ZYNZ bring together many skills, and as a result are an all-rounded group. Any tasks set for us will be accomplished as a team.

## **Our aim for the Congress**

As the ZYNZ, we envision creating a global platform for Zoroastrian youth to embrace our treasured culture, enhance our unique traditions and evolve to unite our future. In doing so, we will provide a memorable religious and social experience, as well as a strong networking base for our young global Zoroastrian delegates. Furthermore, this will be the first eco-friendly congress which is elaborated below.

## **How are we going to achieve our aim?**

New Zealand and Zoroastrianism have an important common theme: New Zealand is reputed to be a 'clean green' country and Zoroastrianism is recognized as an environmentally conscious religion due to the rituals and injunctions that aim to safeguard nature from polluting influences. We will endeavour to make this event memorable - as the first ecologically conscious World Zoroastrian Youth Congress. This will be done by spreading awareness of our country's pristine environment along with our religion's customs to the best of our ability.

With all of the support, encouragement and dedication of ZANZ and the wider Zoroastrian community in Auckland and worldwide, the youth are very confident that they will be able to host this event with great success!
